To whom it may concern:

M.Y.B Trucking, Inc. is a small operative company. On March 23, 2002, our tractor trailer was stolen from our premises, and we were unable to file our return on time because of uncertainty of the future our business. Please accept this letter as a confirmation that we are still in business and our tractor trailer was recovered by the police. For this is the reason that we are filing this late. Proper documentation has been provided with this letter. Please accept our apologies and inconvenience.

Thank you,

MYB Trucking, Inc.
