To Whom This May Concern,

I was not aware that I had to prepare an annual report to the Department of State - the Division of Corporations. As I received no information of recertification.

I was informed that my corporation was terminated when I applied for a loan.

Enclosed is a \$300.00 check for my Annual Report and the application for reinstatement.

If at all possible, I would gratefully appreciate the reinstatement fees and penalties waived, as I was never informed of the report.

Please send all correspondence to our new address.
