The document which is to be corrected is the Articles of Incorporation which were filed on October 8, 1997.

Article III as filed stated:

**ARTICLE III**

The total number of authorized shares of the capital stock of this corporation is one hundred (100) shares, consisting of one class only, designated as "common stock," and having a par value of ten cents (\$1.00) each. Each issued and outstanding share shall be entitled to one vote. The shareholders may, by Bylaw provision unanimously approved or by shareholders' agreement recorded in the minute book, impose such restrictions on the sale, transfer or encumbrance of the stock of this corporation as they may see fit.

This article is incorrect by stating that the par value is ten cents (\$1.00). The par value should be one dollar (\$1.00).

Article III should be amended to state the following:

**ARTICLE III**

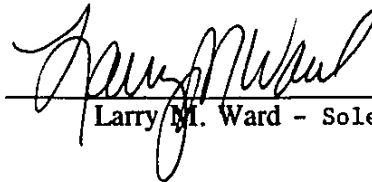

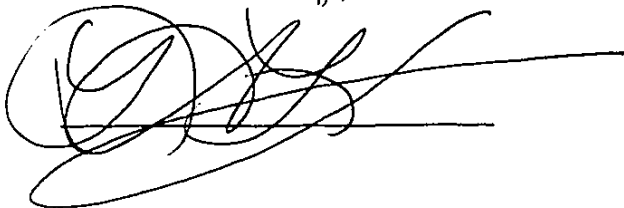

The total number of authorized shares of the capital stock of this corporation is one hundred (100) shares, consisting of one class only, designated as "common stock," and having a par value of one dollar (\$1.00) each. Each issued and outstanding share shall be entitled to one vote. The shareholders may, by Bylaw provision unanimously approved or by shareholders' agreement recorded in the minute book, impose such restrictions on the sale, transfer or encumbrance of the stock of this corporation as they may see fit.
