The UBRs are due each year between January 1st and May 1st. You may wish to mark your calendar as a reminder.

If your corporations did not receive the first notice uniform business reports, please submit a letter that states this information when filing the completed reports to our office. The corporations will not be charged the late fee if you follow these instructions.

Subject: 2001 UNIFORM BUSINESS REPORT

Today I received in the mail my renewal for the Florida Department of State Division of Corporations forms to be filed for 2001. On the outside it says file now...due September 12,2001....when I looked inside it says the fee is \$550 and after September 12,2001, it will be \$750. I pulled out my paperwork

from last year and it was only \$150, so I called my accountant. He says they

were supposed to be paid in April, before May. I never received a notice before this one....I have two corporations and I looked through all of my filing for both and found no prior notices.

My two corporations are Oakland Mortgage Company, Inc. 65-0090878...and Pickard Investments Inc. ...65-0792151.

I could see if I had overlooked one, but not both...and for there not to be any record in either corporation tells me that somehow I didn't receive the first notice. This is a very stiff penalty, especially having two corporations. Although I have had the first one for almost 13 years, I pay so

many fees and fill out so many forms, that I do not keep track of when certain things should be coming due.

What can I do to bring this current without paying this outrageous late fee?

Thanks for your help.
