Dear Sir/Madam:

I spoke with a representative of your department on Monday concerning this matter. My fee payment is late for the second time due, again, to not receiving the UBR form. My file showed the previous annual payment being made in September of 2001 and I had marked it for payment at the same time. However, you have informed me (and the form states) that payment must be made before May 1st each year.

Since last year, your services have gone on line making the process much easier to use and understand. Also, I have set up a computer alarm for January 1st to pay this fee from now on. It will not happen again. Also, my mail has been forwarded to me from my Jacksonville address to several places that I work around the state. This is undoubtedly the cause of my not having received your form and reminder. This should be resolved with the new mailing address included on the UBR form.

Further in explanation, I am a one person company. Federal, State and County taxes, fees, together with their many changes in addition to keeping abreast with the Engineering field is mind boggling. I counted 36 deadlines for Government and associated Agencies for each year. This is in addition to my regular 7 day/week job. It has gotten to the point that one person cannot work without an entourage of specialists which I do not have.

Please excuse the detail of my dilemma. I am sure ya'll have similar problems. It is sufficient to assure you that I will not be one of them next year.
