TO WHOM IT MAY CONCERN:

My business was incorporated on October 14, 1999, the business name is www.carbonmonoxidetector.com. This is a website and it was not complete, by my website designer until February 2000. I had my personal taxes done and they said they could add the business stuff to my personal since it was a new business and I have made no money.

In any event I did not realize that I had a uniform business tax due in May, I never got that information and H&R Block did not mention it when I went to see him. I now have a form that says its due in September however when I called, the lady said it was due in May. Of course I called because I could not understand how I owed so much money when I have not ever made a dime yet. I left a message for H&R blocks business division and am going to see if I can get help, since I am not educated in this type of paper work.

I started this website business, not to make money but to save lives and try to make a difference. My best friend died because of CO poisoning. I was hoping because of my lack of knowledge that you would take from me this check for \$150.00 with my promise that it will not happen again (\$150.00 is even a lot for me). I am going to H&R block Premium and paying them money to help me out in the future with all my dues and tax papers.

I apologize for not getting this to you sooner.

Thanking you
Suzanne Smith

Please let me know if I need to send more money and that this is not acceptable.
