To whom it may concern;

The 2000 Uniform Business Report Document was never received by our office. Thus the reason I was sent a second notice which included penalties. I contacted Cathy Ashton at the reinstatement division. Upon investigation she discovered the first notice was returned to your office without any valid reason. Since this is my first attempt at business, I was not aware of this UBR filing. I opened my business in May of 2000.

I would sincerely appreciate it if you would kindly grant me a one time waiver of penalties which would severely handicap my business. I would not have been remiss if I had received the notice in a time frame to avoid late charges.

Thank you so much for your consideration on this matter.
