The Athletic Trainers' Association of Florida

The Athletic Trainers' Association of Florida, Inc. (ATAF) was organized in the spring of 1983 by approximately thirty certified athletic trainers from throughout the state. Their primary objectives were to provide a forum for professional growth, development and communications, and to address the common needs among athletic trainers providing health care to Florida's professional, collegiate, high school and other amateur athletes. The mission statement expands these objectives into the realm of education and recognition.

Members of ATAF can be found providing services at colleges and universities, community and junior colleges, high schools, professional athletics, sports medicine centers, industrial work places, wellness programs and health clubs. In many cases, ATAF members volunteer to provide services at community events as well as at Florida High School Activities Association tournaments and games.
