Re: Mark: WESTAR OIL COMPANY
Ref. Number: W03000018392

Dear Ms. Causseaux:

Thank you for your letter of June 26, 2003 regarding the trademark application for the above mark. This is in follow up to that letter and to our telephone conversation of today. As we discussed, there are many facets to the business of the owner of the above mark. One facet is indeed the operation of retail service stations, which provide gasoline and other such products to consumers. The company will be seeking registration of a service mark for that aspect of the business.

However, the facet of business that is the subject of the current application is the sale of oils, greases, lubricants and other such products to the retailers themselves. This is purely a sale of products with no service component involved. It would appear that such sales fall squarely within class 4. Enclosed as additional specimens are three labels which are attached to the drums that hold the oil and grease products that are sold to the retailers.

Please let me know if you have further questions. Thank you for your assistance in this matter.

Best regards,
