heavy duty construction vehicle, aircraft, locomotive, light duty, and marine engines; valve train components for internal combustion engines; namely tappets, valves, spring retainers, guides, locks, lash caps, pushrods, cylinder heads, timing chains, and gear sets, rocker arms, studs, nuts, stabilizers, pushrod guideplates, cam followers, and distributor gears; automotive electronics; namely, spark plug wires, and points conversion kits comprised of brackets, optical triggers, shutter wheels, and ignition coils” along with three specimens consisting of photocopies of the front cover and a catalog page from the applicant’s catalog (the actual specimens are too bulky to provide) and in Class 9 “automotive electronics; namely, amplifiers, engine controllers, battery chargers, surge protectors, rev-limiters, and ignition modules” along with three specimens consisting of photocopies of a catalog page from applicant’s catalog (the actual specimens are too bulky to provide);

4. Original and a copy of the Application for the Registration of a Trademark or Service Mark for *Energizer* word only marks for use in association with the goods in Class 7 “valve trains for sea vehicle engines; vehicle engine parts; namely, rocker arms, camshafts, pushrods, and lifters” along with three specimens consisting of photocopies of a catalog page from the applicant’s catalog (the actual specimens are too bulky to provide) and in Class 12 “valve trains for land vehicle engines” along with three specimens consisting of photocopies of a catalog page from applicants’ catalog (the actual specimens are too bulky to provide);
5. Original and a copy of the Application for the Registration of a Trademark or Service Mark for *Hi Intensity* word only marks for use in association with the goods in Class 7 “valve trains for sea vehicle engines” along with three specimens consisting of photocopies of a catalog page from the applicant’s catalog (the actual specimens are too bulky to provide) and in Class 12 “valve trains for land vehicle engines” along with three specimens consisting of photocopies of a catalog page from applicants’ catalog (the actual specimens are too bulky to provide);
6. Original and a copy of the Application for the Registration of a Trademark or Service Mark for *Kool Nuts* word only marks for use in association with the goods in Class 12 “automotive engine components; namely, rocker arm adjusting nuts” along with three specimens consisting of photocopies of a catalog page from the applicant’s catalog (the actual specimens are too bulky to provide);
7. Original and a copy of the Application for the Registration of a Trademark or Service Mark for *Posi-Stop* word only mark for use in association with the goods in Class 12 “automotive engine components; namely, rocker arm adjusting nuts” along with three specimens consisting of photocopies of a catalog page from the applicant’s catalog (the actual specimens are too bulky to provide);

8. Application for the Registration of a Trademark or Service Mark for *Powermax* word only mark for use in association with the goods in Class 9 "hand-held power tuner for vehicle engines" along with three specimens consisting of photocopies of the front cover of the applicant's catalog (the actual specimens are too bulky to provide).
9. Copy of a Trademark Assignment between Crane Technologies Group, Inc., a Florida corporation, CTG Operations, Inc., a Florida corporation, Crane Holding Corporation, a Florida corporation, and Crane Motorsports Corporation, a Florida corporation and Mikronite Acquisition, Inc., a Delaware corporation along with a list of the federal trademark applications and registrations being assigned.
10. Copy of the Change of Name for Mikronite Acquisitions, Inc., a Delaware corporation to Crane Cams Inc., a Delaware corporation.
11. Copy of an Application by Foreign Corporation for Authorization to Transact Business in Florida for Crane Cams Inc.
12. Check in the amount of Nine Hundred sixty-two and 50/100 Dollars (\$962.50) for the required filing fees.

The enclosed documents, Item Numbers 9 thru 11 above, represent a chain of ownership for specific federal trademark applications and registrations for the same or similar marks as described on the enclosed state trademark applications. The purpose of including these documents is to establish that the applicant on the enclosed state trademark applications is the same as the registrant on the federal marks. The document listed as Item No. 9 is the assignment of all federal, foreign, and state trademark applications and registrations from Crane Technologies Group, Inc., a Florida corporation, CTG Operations, Inc., a Florida corporation, Crane Holding Corporation, a Florida corporation, and Crane Motorsports Corporation, a Florida corporation to Mikronite Acquisition, Inc., a Delaware corporation. The document listed as Item no. 10 is the certificate of amendment changing the name of Mikronite Acquisitions, Inc., a Delaware corporation to Crane Cams Inc., a Delaware corporation. The document listed as Item no. 11 is the application authorizing the new corporation Crane Cams Inc. to do business in the state of Florida.

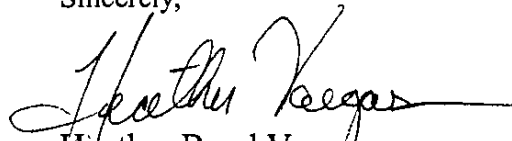

We request that the enclosed documents be accepted as evidence of a clear chain of ownership for those federal trademark applications and registrations, which are currently in the process of being assigned to Crane Cams Inc. with the United States Patent and Trademark Office ("PTO"). The state trademark assignments have been filed, this date, with the Florida Department of State under separate cover. If further evidence is required regarding ownership of the federal registrations prior to registering the state trademarks, we would request that the applications be processed as of December 31, 2006 so that we may obtain a filing date in 2006, and retain the benefit of the ten (10) year renewal period.
