Description of Materials

Solid Waste: any and all waste generated from households, restaurants and businesses.

Recyclables: any material which is capable of being recycled and if not would be processed and disposed of as a solid waste.

What Materials can I Recycle?

Paper Products: newspapers, magazines, catalogs, telephone books, printer/copy paper, mail and all office paper without wax liners.

Cardboard: packing boxes, cereal boxes, gift boxes and corrugated cardboard.

Plastic: bottles, milk, water, juice, soft drinks, detergent and shampoo containers. ALL WITHOUT CAPS

Look at the triangle on the bottom of the container for the acceptable plastic #1 thru #7.

Glass: glass food and beverage containers. (clear, brown and green)

Metals: aluminum, steel food and beverage containers.

Construction and Demolition Debris: block, concrete, carpet, dirt, metal and wood are all recycled. We are able to capture, process and recycle more than 75% of the material brought to our facility from your construction projects in our service areas. We work with local Recyclers to ensure your materials are diverted from the landfills.

Services

Eastern Waste Systems, Inc. provides services in the collection, transportation and disposal of solid waste in Miami-Dade County, recyclables, construction and demolition debris material to commercial, residential and government agencies.

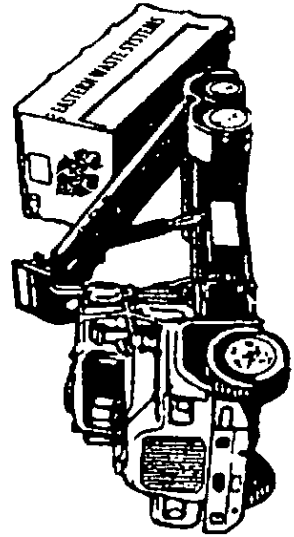

We provide recycling and waste containers ranging in size from 95 gallon carts to 40 cubic yard containers. Compaction units are also available.

We operate a modern fleet of vehicles to assist our customers with their unique needs.

We specialize in the transportation and disposal of:

- Hurricane Debris
- USDA Waste
- Asbestos
- Special Waste

We also provide Grapple Service, Construction Waste Chute and Portable Toilets.

"OUR SYSTEM IS YOUR SOLUTION"

Did You Know

Eastern Waste Systems, Inc. is a proud National Member of the US Green Building Council and an active participant in the South Florida Chapter, Associated Builders and Contractors, and Construction Association of South Florida.

We have the knowledge and experience to assist our customers in achieving their LEED goals by providing them with a comprehensive Material Management Plan from pre-construction to post occupancy. This will help the principle and goals of designing, constructing and managing "GREEN".

Ask us how you can obtain Innovative Credits on your LEED registered project by using **Eastern Waste Systems, Inc.** as your recycling and waste removal service provider.

Our trained staff will audit and analyze your current waste plan to help optimize your service needs and promote a more cost effective solution.

Do you have a special event? We can provide you with boxes and containers to keep your event environmentally friendly by collecting all the recyclables, in addition to the waste generated.

Eastern Waste Systems, Inc. operates 7 days a week and can provide same day service when needed.
