Pool Cleaning Services

regional | 1-800-551-1100

Windermere Pool Services has been cleaning pools every week in West Orange and South East Lake Counties since 1987. By our reckoning, we figure that we have performed somewhere in the region of 300,000 individual pool cleaning trips during that time. That's a whole lot of pool cleaning experience! We know what we need to do on a weekly, monthly and annual basis to give you the very best pool experience possible. What's more, our pool technicians understand that the satisfaction of our customers is their number one priority and that if ever a customer is unhappy with the standards of their pool cleaning, the technician will be sent back every day until the customer is completely satisfied.

Our pool cleaning services

Full service | chemical & clean | new owners | clean-ups

Full-Service Pool Maintenance

Your pool technician will come to the pool every week, check and adjust the chemistry, check and if needed, empty the skimmer and pump baskets, brush the waterline, the plaster the surface of the pool and vacuum the whole pool/side/fountain. On a monthly basis (or more often if the pool dictates) they will clean your pool filter.

At the end of their service, they will leave you a card with your chemical readings, advice as to whether it is safe to swim and details of action that they wish you to take or concerns that they have about your pool equipment.

back to top

Chemical/clean Service

Your pool technician will carry out all of the above services EXCEPT vacuuming. This service level is designed for those customers who have a robotic pool cleaner in the pool, or whose pool has an automatic floor cleaning system or who feel that their pool simply does not require a weekly vacuum.

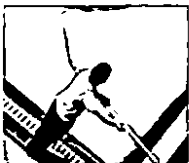

back to top

New Swimming Pool Owners

We are regularly asked by new residents if there is a minimum service period and the answer is no. If you have just moved to the area, you probably have a job and one thing to do, getting settled into a new job, enrolling the kids in school, setting up household services etc. you may want to get a pool service for a couple of months until you can get settled and then leave it on yourself (or better still have junior do it to earn his allowance). We have no minimum service period and will even provide your first and last service months. Of course, we hope that you will love us so much that you choose to never leave and some of our short-term customers are with us years after they settled in but you are under no obligation or pressure to continue on service when you feel able to clean and take care of the pool water chemistry without us.

back to top

Pool Clean-Ups (from green to clean!)

There is a multitude of reasons why pools turn green, but turning them blue again is our specialty. We carry a huge variety of different chemicals to end this process and mobile pumps that speed up the time it takes to get from green to clean. We can even turn the pool blue again when there is no power at the pool, perfect for realtors working with pre-closed homes. Every pool is different so call us to schedule an estimate of the

There is a multitude of reasons why pools turn green, but turning them blue again is our specialty. We carry a huge variety of different chemicals to speed the process and make pumps that speed up the time it takes to get from green to clean. We can even turn the pool blue again when there is no power at the pool, perfect for realtors working with foreclosed homes. Every pool is different so call us to schedule an estimate of the costs involved.

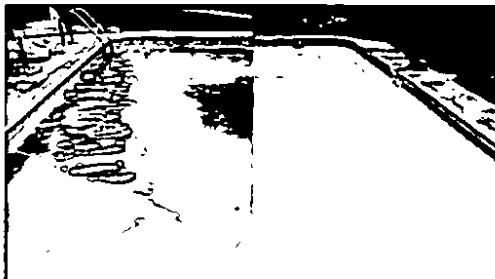

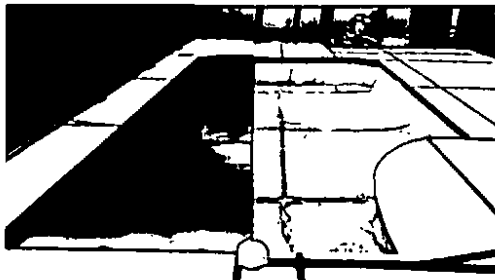

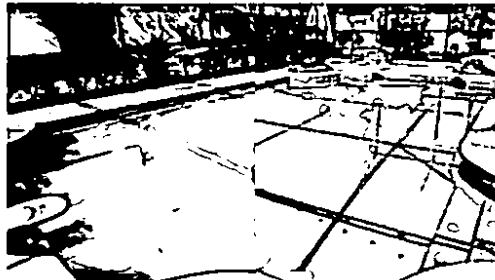

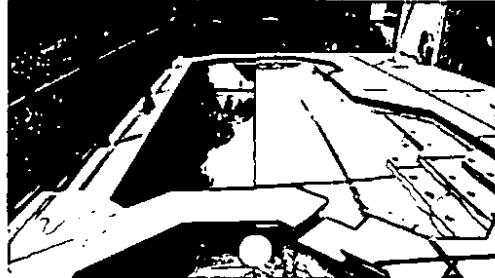

When asking us for an estimate please be aware that our monthly service charges do not change during the different pool seasons so the price given to you will be a "year-round" figure. If you wish us to service the pool during the summer season only you will pay a higher monthly charge than we normally quote.

Repair Services

Repair - Windermere Pool Services

Windermere Pool Services is fully state licensed and authorized to work on ALL of your pool's equipment. We are licensed to carry out pool equipment repairs under Pool Contractor License #001457474. We are licensed to carry out LP gas repairs under LP Gas License #27858.

Customers often ask what pool repairs we carry out — and honestly, it would be easier to list what we don't do.

Pool Repairs

We repair all of the following:

- pumps
- motors
- filters
- plumbing
- leaks
- pool lights
- floor cleaning systems
- pool cleaners
- drain covers
- wall tongs
- salt systems
- automated control systems
- gas heaters
- electric heat pumps

You name it and we either do it or have the name and relationship with another great company that specializes in it.

In this fast economy, we are pleased to know that our customers are choosing to upgrade their pools. We have a variety of solutions available including the addition of automated systems — ask us about the great, phone compatible system from Perler. We also offer color changing poolside lights and we can refer you to companies who can re-surface your aging pool to make it look new again.

Swimming Pool Part Inventory

We carry a huge inventory of parts and even if we have to special-order something for you, we have a multitude of suppliers that we work with to get your repair completed as quickly as humanly possible.

Our Repair Manager and our Office Team will keep you fully informed as to the scheduled time to carry out your repair and you have my personal promise that we will never leave you wondering when we might show up again to complete a job.

Windermere Pool Services stands behind our service and your pool's equipment to ensure that every pool day — is a great day.
