Disabled parking is available near all campus buildings

The University of Tampa is a smoke-free campus. This applies to all faculty, staff, students and visitors.

The University of Tampa is a **tobacco/smoke-free campus**. This restriction includes any tobacco products, vaping or e-cigarettes.

**Food and beverages** can be purchased on the first floors of the following buildings:

- Daly Innovation and Collaboration Building
- Morsani Hall
- Plant Hall — Rathskellar
- Vaughn Center

**Baby changing stations** are located in the following areas:

- Aquatic Center — outside women's restroom
- Daly Innovation and Collaboration Building — first, second and eighth floor, both men's and women's restrooms
- Graduate and Health Studies Building — all floors, men's and women's restrooms
- Macdonald-Kelce Library — first floor, women's restroom
- Martinez Athletics Center — first floor, family restroom
- Morsani Hall — first floor, women's and family restroom
- Naimoli Family Softball Complex — outside of facility, women's restroom
- Plant Hall — first floor, women's restroom
- Vaughn Center — first floor, both men's and women's restrooms

**Pets** are not allowed on the UT campus or University-controlled properties. This prohibition does not apply to individuals with service animals or individuals with a disability for which an emotional support animal has been approved. For more information on whether your animal is permitted to be on campus, please contact the University prior to your visit.

UT is a National Weather Service-certified **StormReady®** University, and is one of more than 260 colleges and universities around the country that have put special operations in place to monitor and react to severe weather conditions, such as hurricanes, tornadoes and storms. For more information, visit [www.ut.edu/weather](http://www.ut.edu/weather).

UT uses a **campus-wide lightning prediction and warning system** to help alert the campus community about impending inclement weather and lightning on or around the UT campus. The system emits an audible horn blast when atmospheric weather conditions are imminently likely to produce dangerous lightning strikes on or around the UT campus. In these cases, the system will emit a 15-second warning blast and the strobe lights on the units will illuminate as long as there is danger of a potential strike. Once the lightning threat passes, three 5-second horn blasts will indicate an "all clear," and the strobe lights will turn off.

UT utilizes a technologically enhanced emergency communications program called **SMART (Spartan Mobile Alert)**. The program allows for speedy notification of emergencies on campus to students, faculty and staff. Emergency information is also posted on the UT website as soon as possible for updates to the general public.

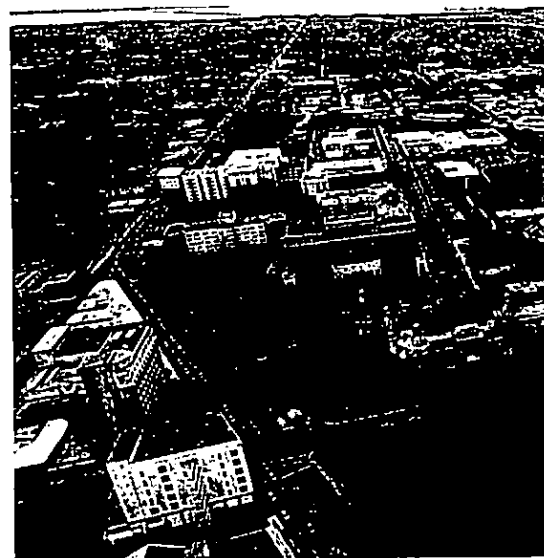

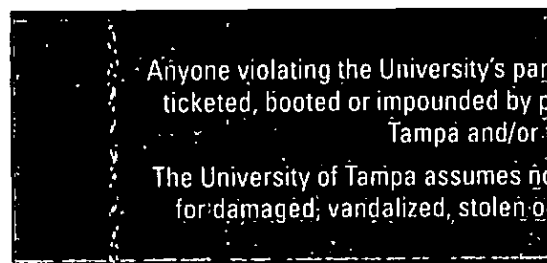

If you would like to hold a **commercial photo or video shoot** on campus, please contact the Office of Public Information and Publications at (813) 253-6232 or [publicinfo@ut.edu](mailto:publicinfo@ut.edu).

Flying of **drones** and other aerial devices is not permitted on UT property without permission from the Office of Public Information and Publications.

For **lost and found** items, contact the Campus Safety office.

## ELECTRIC SCOOTERS

In May 2019 the City of Tampa introduced a scooter-sharing program. While UT encourages alternative transportation, concerns the UT campus is considered a "no scooter zone" for members who choose to use the rented electric scooters. Scooters are not allowed at the vendor's off-campus scooter corrals, on the UT campus perimeter of campus. Additionally, electric scooters are not allowed near University buildings, including, but not limited to, dining facilities.

## WELCOME TO CAMPUS

Please contact Campus Safety in advance regarding questions, concerns or circumstances. The Campus Safety office is located on the first floor of the Daly Innovation and Collaboration Building, 820 W. North A St., and can be reached at (813) 257-7777 or via email at [campussafety@ut.edu](mailto:campussafety@ut.edu).

A comprehensive set of parking policies, visitor passes, a schedule of fines and more detailed information are available at [www.ut.edu/safety/parking](http://www.ut.edu/safety/parking).

## PARKING POLICY HIGHLIGHTS

- Anyone parking a vehicle at The University of Tampa is required to register the vehicle and display the appropriate parking pass.
- Visitors are only required to have a parking pass Monday–Friday, 7 a.m.–5 p.m., or if the vehicle will be on campus overnight. Bring a driver's license and vehicle information, including plate number, to the Campus Safety office to obtain a parking pass.
- It is illegal to park anywhere on campus other than a clearly marked parking space. The absence of "No Parking" or "Fire Lane" signs, lack of curb paint, or enough room for a vehicle to park does not suggest that parking is permitted. Parking is not allowed on North A Street, Brevard Avenue or UT Poe Parkway for any reason. There are no exceptions.
- Parking rules are enforced year-round in order to ensure optimal parking availability for University community members and visitors to the campus.

## VISITOR PARKING AREAS

- Thomas Parking Garage, First Floor — Entrance is located on West North A Street, across from the Daly Innovation and Collaboration Building
- West Parking Garage, Second Floor
- **Admissions guests** may use the parking lots on UT University Drive by the Southard Family Building and the Macdonald-Kelce Library from 7 a.m.–5 p.m., and must obtain a pass from the Admissions Office. **After 5 p.m. these lots are available to all visitors.**
- **Visitors to the Lowth Entrepreneurship Center** may use the reserved spaces on the seventh floor of the Thomas Parking Garage. Visitors should enter the garage via Spaulding Drive, and must obtain a pass from Lowth Center staff.

## BICYCLES ON CAMPUS

Students, faculty and staff can register their bikes with the Campus Safety office.

All bicycles should be properly locked to one of the bike racks on campus. Bike racks are located outside most residence halls and academic buildings. Campus Safety will impound all unsecured bikes.

**DO NOT** lock bicycles to any railings, doors, foliage or anywhere other than the bike racks. Otherwise the bike will be impounded by Campus Safety.
