Family. A powerful element in fighting cancer.

Marissa Lennox was diagnosed with stage 3 inflammatory breast cancer five weeks after her daughter, Adriana, was born. Marissa's family rallied around her as the doctors at Florida Cancer Specialists started her treatment less than 24 hours after her diagnosis. Being treated just 15 minutes from home allowed Marissa to soak up as many mom moments as she could. Florida Cancer Specialists' quick response and her family's support helped Marissa picture a future where she could be with her daughter.

The strength and positive spirit that Marissa and all mothers have inspire us every day. Join us in wishing these brave women battling cancer a happy and healthy Mother's Day.

"By getting treated locally at Florida Cancer Specialists, I was able to spend more time with the people who matter most — my family."

Vigor. A powerful element in fighting cancer.

In his 70s, Roger Vergin still has the vigor to leap, dash and vault his way to the medal stand at track and field competitions. When chest pains put him on the sidelines, he immediately sought out medical attention. Roger went to Florida Cancer Specialists where he received an accurate diagnosis.

Florida Cancer Specialists doctors saw Roger within hours and identified his extremely rare hematologic condition. Florida Cancer Specialists initiated treatment that reinvigorated Roger within weeks, proving that when hope and science join forces, great outcomes can put you back on the track.

"Florida Cancer Specialists saved my life by acting fast when others could not identify my condition. I absolutely went to the right place."
