Re: Service Mark Application
B BELL TECHNOLOGIES (37)

Dear Sir or Madam:

Enclosed for filing on behalf of our client, Bell Technologies, Inc., is an original and one copy of its application for registration for the trademark/service mark "B BELL TECHNOLOGIES". Our recent search of the records reflects that there is no registered mark which would prohibit registration. Three (3) original specimens are included herewith as examples of the use of the mark. The filing fee of \$87.50 for Class 37 is enclosed to cover registration.

If you have any questions about the enclosed, please call the undersigned.

Sincerely yours,

Julia L. Frey

Re: Service Mark Application
B BELL TECHNOLOGIES

Dear Sir or Madam:

On January 15, 1997, I forwarded for filing on behalf of our client, Bell Technologies, Inc., the an original and one copy of its application for registration for the trademark/service mark "B BELL TECHNOLOGIES". Our search of the records reflected that there is no registered mark which would prohibit registration. Three (3) original specimens were included as examples of the use of the mark. The filing fee of \$87.50 for Class 37 was enclosed to cover registration. Your office advised us to re-forward a copy of the application along with a copy of the cancelled check, which are enclosed herewith.

Please ensure that this mark is registered at your earliest convenience. If you have any questions about the enclosed, please call the undersigned.

Sincerely yours,

Julia L. Frey

We have received your document for B BELL TECHNOLOGIES and your check(s) totaling \$87.50. However, the document has not been filed and is being retained in this office for the following:

Your original application was returned with our letter of January 29, 1997, when we did not get a response within the 60 days your application was abandon. We now need an original application plus three specimens in order to file the application. We also need a disclaimer for the term "TECHNOLOGIES" as requested in our letter of January 29, 1997.

The specimens provided this office are not acceptable; we need three permanent specimens. We do not accept photocopies or camera ready copies. We do not accept specimens which have been altered or defaced in any manner. In order to register your service mark, we need specimens from which we can determine the services being rendered. We will accept brochures, newspaper, or magazine advertisements, or business cards. If business cards are used, we must be able to determine from the business card the services offered. The mere mark, address, city, etc., on the business card, brochure, or advertisement is not acceptable -- we must be able to look at the specimens provided and be able to determine the services being rendered. We need specimens for each class of registration.

Please return your document, along with a copy of this letter, within 60 days or your filing will be considered abandoned.

If you have any questions concerning the filing of your document, please call (850) 487-6918.

Re: B BELL TECHNOLOGIES
Ref. No.: W9700000227
Letter No.: 497A00046223

Dear Ms. Causseaux:

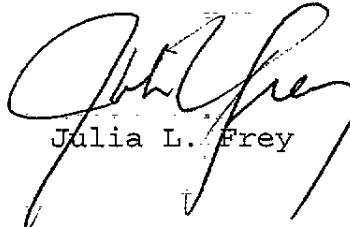

Pursuant to our telephone conversation of Tuesday, September 30, 1997 relating to your letter referenced above, enclosed for filing on behalf of our client, Bell Technologies, Inc., is an original and one copy of its application for registration for the trademark/service mark "The letter B lined with light, medium and dark blue followed by the words Bell Technologies". As you may recall, the application was filed originally in January, 1997 (copy of letter and receipt enclosed), but apparently was misplaced in your office. In September 1997 we forwarded a copy of the cancelled check to prove receipt by your office. At that time we also forwarded another copy of the application and specimens. By your letter dated September 30, 1997, you requested another originally signed application and three additional specimens, which are enclosed herewith.

It is our request that the application be granted registration as of the original date received by your office, January 22, 1997. Your office already has the filing fee of \$87.50 for Class 37 to cover registration.

We Bring Value By Bringing Information to You

Testing is important, but equally important is how quickly you get the test information. That's why Bell Technologies transmits this information electronically. Linking test data directly to your information management process keeps you in control and everything moving according to schedule.

Across-The-Board Standard Compliance

Meeting strict compliance standards is one thing and continually improving equipment and capabilities is another. Fortunately, Bell Technologies does both. Although we already have the capabilities to meet a long list of compliance test standards, we understand the importance of adding more. The fact is, in today's fast-paced market, flexibility is vital to success. At Bell Technologies, across-the-board standard compliance is something our customers can count on today, and tomorrow.
