11. The purpose of this paper is to show that the $\mathcal{H}^1$ -norm of the total flux density is bounded by the $\mathcal{H}^1$ -norm of the magnetic field. This is a natural question to ask, since the magnetic field is the source of the flux density. The answer is yes, and the proof is given in the appendix. The result is that the $\mathcal{H}^1$ -norm of the total flux density is bounded by the $\mathcal{H}^1$ -norm of the magnetic field. This is a natural question to ask, since the magnetic field is the source of the flux density. The answer is yes, and the proof is given in the appendix. The result is that the $\mathcal{H}^1$ -norm of the total flux density is bounded by the $\mathcal{H}^1$ -norm of the magnetic field.

$$= \frac{1}{2} \left(\frac{1}{2} + \frac{1}{2} \right) = \frac{1}{2}$$
